Conversation Starters

Start a Senior Checklist – 12th Grade

You know your student the best, so the following talking points are simply a guideline to use in starting a conversation with your 12th grader about creating a checklist.

- ▶ Do you understand all the various deadlines for each school you're considering? Let's build a schedule for submitting everything on time.
- ▶ What type of living arrangement are you most interested in? Let's research some of the pros and cons of each at your top two college choices.
- ▶ If you are thinking about being an athlete in college, let's first talk to your coach about your chances of being recruited, and the type of school that might want you to play for them.
- ▶ We also need to understand the process and the requirements of different types of colleges. Let's do this together by looking at the [Guide for the College-Bound Student-Athlete](#).
- ▶ Will you agree that getting good grades in college and a good job afterwards is more important than your sport? You shouldn't sacrifice your future for the sake of your sport.
