### Building a Summer Reading List – 8th Grade

You know your student the best, so the following talking points are simply a guideline to use in starting a conversation with your 8th grader about reading being the one thing that needs to continue during breaks from school.

- ▶ It's important to read over the summer. Can we work together to put together a list of books you want to read?
- ▶ Can we both read the same book so we can talk about it?
- ▶ What books do you enjoy the most?
- ▶ Do you have a book or two you are excited about reading? Let's find others like it, either online or at the library.
- ▶ When are the best times for you to read?
